

# Loft Chair

“The Loft Chair combines the complementing opposites of robustness and elegance through materials—its wooden seat and metal frame—with a soft, industrial appeal. The design features an archetypical look for a feeling of familiarity while the subtle details, such as its sturdy back legs, gives it a unique expression. The design is fits seamlessly into any spatial context while providing maximum comfort to its user.”

— Thomas Bentzen

<b>Designed by</b>	Thomas Bentzen
<b>About the Designer</b>	Thomas Bentzen, former Head of Design at Muuto, started his own studio in 2010. Bentzen’s designs are characterized by simplicity, rationality and functionality — always firmly rooted in the Danish design tradition, material knowledge, craftsmanship and rational industrial manufacturing processes. His work continues to receive international recognition at fairs and exhibitions all over the world.
<b>Environment</b>	Indoor
<b>Country of Production</b>	Latvia
<b>Preassembled</b>	Yes
<b>Description</b>	Loft Chair exemplifies honest, simple design thanks to an expression inspired by industrial design. The design features contrasting materials with its frame in powder coated steel that is offset by the soft plywood on seat and back, molded to embrace the user's body.
<b>Material</b>	<p>The seat and back are constructed with beech veneer layers and outer oak surface veneers with water-based lacquer. Upholstered seats with textile, imitation leather, or leather. Leather from selected premium leather suppliers. Frame in powder-coated steel. Plastic glides.</p> <p>Oak veneer and Stained Dark Brown: slight color variations can occur due to the material's inherent characteristics.</p>

## Cleaning & Care

Clean with a moist cloth first and wipe off excess liquid with a dry cloth. Please note that wooden products will get a patina where the surface color can slightly fade. If cleaning is uneven, the patina may be more noticeable. For wooden products in lighter colors, the patina will be less noticeable.

For textile upholstered versions: In case of stains, we generally recommend removing non-greasy stains by carefully dabbing them with a lint-free cloth or sponge wrung out in clean, warm water. Clean by dabbing with soapy water made with a bit of dish soap if necessary. Finally, dab the surface with clean water. We advise visiting [Kvadrat.dk](http://Kvadrat.dk), [Nevotex.dk](http://Nevotex.dk), [Maharam.com](http://Maharam.com), or [Gabriel.dk](http://Gabriel.dk) for further cleaning and maintenance instructions for your chosen textile, as the cleaning methods may vary from one textile to another.

Imitation Leather: Clean with lukewarm PH-neutral, soapy water and a soft cloth or soft brush. Do not use solvents or chemical cleaners, but cleaning can be done with alcohol-based cleaners. Finally, wipe with a damp cloth afterward.

Leather: As a natural material, leather requires looking after. If you care for the leather correctly, it will become even more beautiful over time.

Refine Leather, Easy Leather, and Endure Leather: Regularly clean leather with a dry cloth. Treat the leather at least four times a year using only special leather treatment products. Visit [ca-mo.com](http://ca-mo.com) for further information on cleaning leather.

Allure and Grace Leather: Only vacuum clean with a soft brush. Never use soap or water; otherwise, the velvety look and feel will disappear. Do not apply leather grease or soak the leather. Avoid chemical products, such as saddle soap, leather cleaners, or household products.

## Spare Parts

Pre-mounted plastic glides included. Felt and plastic glides can be purchased separately.
